Dear Parents

The children are continuing to respond well to our new routines and it is a pleasure to have them back in and learning

### **Social distancing**

We have noticed that some parents are not social distancing whilst waiting for the school gates to open. For this reason, we will be opening the gates slightly earlier to allow additional space for social distancing on the playground. Only one adult should attend to collect pupils to minimise the risk of contact.

### **School attendance**

Below is a flow chart to help you judge if your child should attend school. If they or anyone in their household has symptoms of Coronavirus, they should not attend school.

Children with colds **can** attend school providing they do not have one of the three coronavirus symptoms.

Please make sure that when reporting your child's absence, you do so before 9am on their first day of absence and every third day thereafter.

### **Testing and returning to school**

We are aware that it is currently very difficult to get a test and would ask that you keep trying until 5 days after the symptoms began (after which time tests are not valid). If you are unable to get a test, pupils who have had symptoms will need to isolate for 10 days from the start of their symptoms. If a household member has had symptoms, they will need to isolate for 14 days.

Thank you for your continued support. We are very hopeful that Trace and Test will soon be working to greater capacity so that pupils can return to school more quickly should they test negative.

Yours sincerely

Becci Breedon
